

**El - central**

Item number: 719315

# El - central

The el-central is moisture-resistant, but install it only on a dry, suitable area of the board. Make sure the connectors point downwards.

Main inlet cabinet 230VAC/16A, 1 DEFA PlugIn inlet, 1 DEFA PlugIn outlet.

**Only for use with TN-grid inverters or mains power.**

## Installation

Equipment damage and possible injuries may result from an incomplete understanding of the installation and operation of the el-central. If you are unfamiliar with electrical systems: consult us, a dealer or a licensed electrician.

## Maintenance

Check the Residual Current Breaker function once a year.

## Item number 719315

1 x DEFA PlugIn inlet

1 x DEFA PlugIn outlet

1 x RCBO (Residual Current Breaker with Over-Current)

Delivered in single packaging.

## Specifications

Item number	719315
Voltage [VAC]	230 VAC
Current [A]	16
IP Rating [IP]	44
H/B/D [mm] (ex. connector)	174/93/109
Weight [kg]	0,92

DEFA AS is conforming to the requirements ISO 9001, ISO 14001 and ISO 45001.

In addition to this, our engine heaters and cables are conforming to the requirements of IATF 16949
