

120V~60Hz

W = Width, D = Depth, H = Height

## PlugIn Relay contact

DEFA PlugIn Relay contact is embedded in a suitable polyamide material. The relay contains of solid brass rail connectors to ensure long time durability.

DEFA AS is conforming to the requirements of both ISO 9001-2008, ISO 14001:2004 and OHSAS 18001:2007. In addition to this, our engine heaters and cables are conforming to the requirements of ISO/TS 16949:2002.

**Item no**  
# 463432

### Usage & Installation

Fit the DEFA relay 463432 on a suitable place on the engine room.  
Take into consideration the in/out cable connections.

**Note!** The relay must be installed with the plugs pointing downwards to avoid water penetration into the relay. An outlet which is not in use should be blanked off using the enclosed plugs.

Install the product according to the enclosed usage & installation guide.

### Technical specifications

Voltage [V]	120
Current [A]	15
H/W/D [mm] or [inch]	90/33/67 or 3.5/1.3/2.6"
Weight, Netto [gr] (oz)	59 (2.1)
Enclosure rating	TYPE 3R
Certifications	UL61058-1, CSA C22.2 No.61058-1-09, UL498 and CSA C22.2 No. 182.3
