Charging stations for public parking

Reliable and user-friendly solutions

As the leading provider of charging solutions to cities and municipalities in the Nordic countries, we know that reliability, durability and user-friendliness are the keys to success. Our solutions can easily be upgraded as needed and can be combined with our administration and payment solutions to give the facility owner full control. Our charging columns is a safe choice for street parking, while our double stations are well suited for both outdoor and indoor parking facilities.

«DEFA's charging stations are easy to install and configure. That makes them well suited for use in large facilities.»

Control solutions for charging facilities

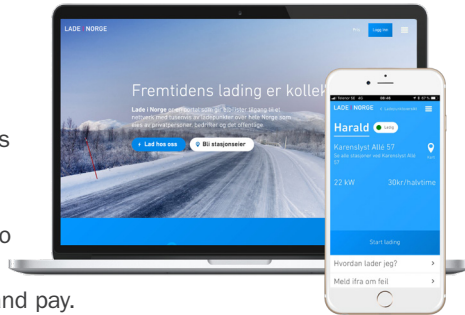

Dynamic Loadbalancing solutions

The CLU family makes it possible to optimize the utilization of the available power, both in private homes and in larger facilities. CLU units also ensure that the available power is evenly distributed to all connected cars.

Charging network

We offer EV owners access to the largest network of charging stations in the Nordics. All they have to do is to create a user, download the app, log in and pay.

Administration solution

CloudCharge gives facility owners full control over who has access to use the facility, use (time/ kWh), station status and what each user owes.

Lighting control solutions

LedgeCircle®

LedgeCircle® is a versatile fixture that can be delivered with DALI, DIP-Switch, PIR OnOff/ MinMaxOff, Radar OnOff/MinMaxOff, Radio control options and master/slave connection.

Elite

Elite reduces power consumption through automatic night reduction (NR) or daylight sensors that adjust the light output according to the ambient light level.

Neptune

Neptune is a vandal proof outdoor fitting with a Radar OnOff or MinMax sensors.

Om DEFA:

Vårt mål er å gjøre menneskers hverdag enklere, mer effektivt og mer miljøvennlig. Vi tilbyr produkter og tjenester som forbedrer måten folk lader, forvarmer og sikrer sine kjøretøy, lyser opp sine bygninger og veier, styrer sine hytter, dokumenterer sin kjøring og mye mer. Vi fortsetter å utvikle gode produkter ved å fokusere på kontinuerlig forbedring og innovasjon.

DEFA er et norsk selskap, stiftet i 1946. Vi har nå mer enn 400 ansatte på 3 kontinenter.

Våre produkter og tjenester distribueres i mer enn 30 land spredt over hele verden. Les mer på defa.com
