

Finder Link - Security alert system

Item number: 440044
Product name: DEFA Finder Link

Finder Link - Security alert system

Finder Link and the DEFA app alert you on your phone if your car is moved or stolen and allows you to locate the car on a map. It also includes Speed Alert.

Finder Link is a subscription service that includes the features Security, Finder and Speed Alert. It can be used separately or in combination with the DVS90 Alarm system. Finder Link consists of GSM and GPS units that are installed in your car, the subscription, and the DEFA app.

Finder Link features:

Security:
- Alerts you if the car is moved or started – even with an original key.

Finder:
- Helps you locate your car in the event of theft, or if you've forgotten where you parked.
- Lets you share coordinates with the police and your insurance company.

Speed Alert:
Lets you set a maximum speed and sends you alerts if this speed is exceeded. A useful safety feature when lending your car to young drivers.

Tip: Ask your insurance company for better terms after installing Finder Link

The Link Hub can also be used to control a complete preheating system in a WarmUp GPS Link set (440046).

Installation
Download the app to your mobile phone and contact a dealer to have the Link unit installed in your vehicle.
